

Form 14 Contractor Performance Report

Project Safety Management System

The Total Maximum Points may vary from report to report, depending on the number of performance criteria the Contractor's is graded against.

The Overall Performance Grade percentage is then assessed as follows:

- Superior over 85%
- Good over 65%
- Acceptable over 50%
- Unsatisfactory under 50%

RECOMMENDATION

Suitability for further work: Suitable

Not Suitable

Must (✓) as appropriate on completion of Contract

If 'Not Suitable' is ticked, detailed reasons must be given

Overall comments

Reporting Officer

In my opinion: The contractor's overall performance was very good, with above-average ratings on all
criteria. The Contractor fostered a collaborative relationship with the Superintendent's Representative,
which streamlined the contract administration process and resulted in a high quality product. Highly
recommended for similar work in the future.
